TECHNOLOGY

INFORMATION TECHNOLOGY FOR THE PRIVATE DENTAL PRACTICE

Dental practices face unique challenges with information and technology. Making sure dental practice equipment and technology are working in harmony is a crucial part of keeping your practice thriving.

Goetze Dental's Information Technology Team specializes in integrating dental equipment and technology and supporting the dental IT environment. Goetze HelpDesk Agents are experts in Dental Technology HIPAA compliance. As a full-solution dental practice IT provider, we provide both stand-alone solutions and managed services for private dental practices in the Midwest.

Learn more at goetzedental.com or call 800.692.0804, option 7 for a FREE IT Practice Evaluation.

Welcome to the family.

ABOUT

Goetze Dental is a family-owned business serving private dental practices just like yours since 1884.

We work to understand your goals and dreams and strive to provide the best dental supplies, equipment, technology and service.

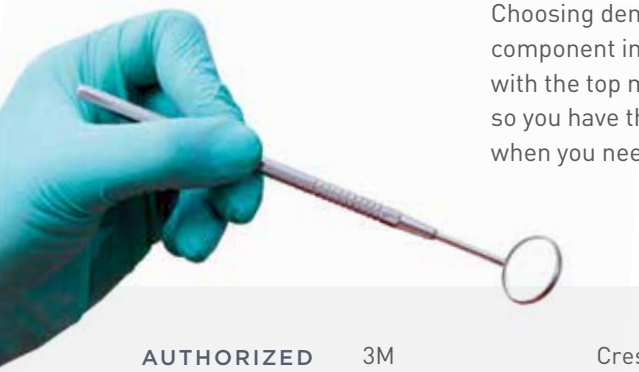
We believe the best patient care is delivered in the private practice.

OUR COMMITMENT TO PRIVATE PRACTICES

100% of our energy and resources will continuously center on the products and services we offer to the privately held dental practice through integrity, education, innovation and customer service.

We stand united with the artists, the scientists and the explorers of the dental community, whose interest in providing exceptional patient care never fades.

SUPPLIES



DENTAL SUPPLIES

As a clinician, you are driven to provide the best care possible for your patients. Choosing dental supplies is a vital component in that care. We partner with the top manufacturers in dental so you have the products you need, when you need them.

Dry Tips

Advance Parotid
For optimal moisture control

Advance Parotid is placed directly over the open ducts of the parotid gland where saliva is optimally absorbed, allowing a more drier working area. Its super absorbent foam material traps unwanted moisture, facilitating drier fields for impression taking, cementation and filling procedures. Advance Parotid's super absorbent capacity keeps moisture control even when it is fully saturated. It is made of smooth soft materials that provide maximum patient comfort throughout any treatment.
Packages of 50 pieces.
Normal secretion: 0,25-0,35 ml/minute. Stimulated 1-3 ml/minute.
For adults two Advance Parotid and one big Advance Sublingual absorb about 16 ml of saliva during a 30 minutes treatment.
4 reasons to use Advance Parotid
1. Super absorbent
2. Dry dentistry
3. Soft and gentle
4. Improved properties

Box/50

Ideal For:
- Occlusal registration
- Copying transfers
- Primary impressions with bite trays

High Performance Bite Registration Material

Formulated to have a light, mousse-like consistency ideal for occlusal registration, copying transfers and primary impressions with bite trays. Our material has excellent durometer or hardness preventing distortion in disposable trays, specifically the 'triple trays. Unique our Bite Registration approaches zero resistance allowing for unmodified natural movement of the jaw. The non-flowing, thixotropic formula stays in place and will not drip, run, or sag.

Bite Registration Kit w/Tips - 50ml

NiTi ROTARY FILES

- Same sizes, lengths and tapers enable you to use the same protocol or technique you use with **Wave One®** file system
- Shaping files cut dentin throughout each canal zone with greater efficiency, while reducing the potential for over-preparation
- Finishing files ensure the proper apical fit for the matching Advance One or your existing Gutta Percha points

Optimize Tissue Recovery Time with an Anti-Bacterial Endodontic Sealer

Up to **20% – 40%** savings over comparable leading brands per gram!

Advance Dental Products **Bioceramic Endodontic Sealer** combines the proven advantages of **MTA (Mineral Trioxide Aggregate)** with a superior canal obturation product. Our bioceramic sealer is as biologicalas the actual pulp tissue, and is engineered to penetrate, fill, and seal main and lateralroot canals. The 13% MTA based sealer maintains an optimal pH, which elicits anti-bacterial effects and encourages new tissue formation and recovery.

- Provides rapid recovery of tissue without causing inflammatory reaction
- Avoids tooth stain and discoloration; eugenol and bismuth oxide free
- Easy to use dual syringe automix
- Easy removal for retreatment
- No need for low temperature gutta percha cone use standard heat settings for warm vertical
- Working Time: 23 minutes, Set Time: 130 minutes

Advancing the Quality of Dental Care Products

INTRODUCING

Advance Nitrile Exam Gloves 3.2 Blue Powder Free Gloves

The Advance niltrile exam 3.2 glove is a thinner, lighter nitrile glove that provides increased tactile sensitivity for the user while maintaining its exceptional durability. Textured fingertips create excellent gripping properties. Automated flat packing allows each glove to be dispensed easily and without waste.

- Textured fingertip finish
- Beaded cuff
- Ambidextrous
- Aqua blue color
- Tested for use with chemotherapy drugs
- Thickness: at palm 2.5 mils; at fingertip 3.3 mils
- 200 gloves per box

$21.99

Advance Nitrile Exam Gloves 2.7 Cobalt Blue Powder Free Gloves

The Advance nitrile exam 2.7 glove is the culmination of decades of medical glove evolution. This new nitrile medical glove is thinner than other gloves, but it is stronger and far more elastic than normal nitrile gloves. This unique new formulation is designed to provide high value, more gloves per box, a lower cost per glove, incredible elasticity and comfort. These gloves are packaged 300 per box and the boxes easily fit in all standard box dispensers.

- Textured fingertip finish
- Beaded cuff
- Non-chlorinated
- Ambidextrous
- Cobalt blue color
- Thickness: at palm 2.0 mils; at fingertip 2.3 mils.
- 300 gloves per box

Ea $33.58

Rubber Dam

Advance Dental Dams enable isolation of specific areas of the teeth and gums during treatment. They improve infection control, visibility and cleanliness of the working area and patient experience.
Advance Dental dams are available in two main materials options based on natural rubber latex and latex free (synthetic natural rubber). Our latex free dams use a specially synthesized version of the natural rubber molecule to closely match the physical properties of natural rubber with no proteins.
Available in ready-cut squares for easy use with medium thickness of 0.23mm (medium). For most practitioners and applications medium is the preferred weight.

FEATURED PRODUCTS

Venus® Bulk Flow ONE

by Kulzer

Venus Bulk Flow ONE is a flowable, one shade bulk filling solution for everyday cases that offers an extraordinary color adaptation in one single shade.

Venus Bulk Flow ONE is the first flowable one-shade bulk-filling composite without the need for an additional capping layer. With 4 mm increments instead of 2 mm for universal composites. Venus Bulk Flow ONE blends seamlessly into the surrounding dentition, independent of tooth shade, enabling restorations to simply disappear. Dentists obtain durable restorations with Venus Bulk Flow ONE due to low shrinkage stress, high flexural strength and wear resistance. Its superior high radiopacity allows for safe diagnosis.

Product Application

Class I, II, II and V direct restorations, Repair of direct and indirect restorations in combination with a suitable adhesive, splinting loosened teeth resulting from trauma or periodontal associated events, extended fissure sealing.

One shade

Blends seamlessly into the surrounding dentition, independent of tooth shade.

Efficient handling

Cavities are filled quickly and easily with increments of 4 mm instead of 2mm without the need of additional capping layer.

Long-lasting restorations

Low shrinkage stress, high flexural strength and high wear resistance ensure durable restorations that withstand high mastication load in the posterior region.

KULZER

COLTENE

CanalPro® EndoUltra

by Coltene

The CanalPro® EndoUltra Cordless Ultrasonic Activator harnesses ultrasonic technology in a compact, cordless handheld device. EndoUltra is the only cordless activator unit capable of generating the tip frequency (40,000 Hz) required to create sufficient acoustical streaming and the cavitation necessary to effectively clean, penetrate and remove vapor lock. Studies continue to show that using Ultrasonic devices during irrigation enhances antibacterial and tissue dissolving ability of irrigants.

Crest® + Oral-B® iO Systems

Crest Oral-B
P&G Professional Oral Health

The Oral-B iO was re-engineered from the inside out to enable a sensational clean and irresistible brushing experience. The innovative magnetic drive delivers concentrated energy to the tips of the bristles where it's needed most, allowing the brush head to glide tooth by tooth for a smooth, quiet cleaning experience. Oral-B iO™ combines the oscillation rotations from Oral-B's iconic round brush head with the gentle energy of micro-vibrations for an enjoyable experience and a sensational clean. Oral-B iO™ is built with position detection and Artificial Intelligence (AI) for whole mouth coverage. Using AI, the Oral-B App can guide patients to achieve their best clean in all areas of the mouth. The digital handle display delights patients with easy navigation through the brush features and personalization options, including welcome greetings, choice of brushing modes, language settings, reminders to change the brush head, and battery life icons. Oral-B iO™ comes with 2 brush heads that are only compatible with Oral-B iO™. The Ultimate Clean brush head has twisted tufts of bristles and longer filaments for an outstanding clean, including in hard-to-reach areas. The Gentle Care brush head uses thousands of fine filaments for an extra gentle clean that patients will love.

Crest® + Oral-B® iO Ortho Essentials System

A sensational and gentle clean. Designed for treatment success.

Panavia™ Veneer LC

by Kuraray

Light-Cure Formulation for Esthetic Ceramic Restorations

CHALLENGING TASK, GREAT SOLUTION

It is possible to reduce the time and effort involved in veneer placement with a cement that supports homogeneous cement application, smooth veneer positioning, easy excess removal, and quick polishing. "PANAVIA™ Veneer LC" offers all of these features, while giving the clinician all the control thanks to the nano cluster technology.

Panavia™ Veneer LC is indicated for permanent cementation of veneers, inlays and onlays.

"PANAVIA™ Veneer LC" is a light-cure, resin cement with excellent color stability, high wear resistance, provides ample working time, and offers fast and easy clean up. Indicated for permanent cementation of:

» Veneers

» Inlays and onlays with less than 2mm in thickness.

Biodentine™ XP

by Septodont

Optimal Solution for Vital Pulp Therapy

Based on 10 years of research, 1000 publications, and over 5 million teeth saved, Biodentine XP provides clinicians with an optimal solution for vital pulp therapy; it is a highly-pure bioactive crown-to-root restoration system indicated for dentin replacement treatments like deep caries, pulp exposure, pulpotomies, and root repair.

For simplified handling and dispensing, the new system includes Biodentine material in a new all-in-one cartridge of powder and liquid, a proprietary mixer to ensure perfect consistency every time, and an applicator gun for direct placement into the tooth.

Features and Benefits:

» Biodentine utilizes ABS Technology™ creating the most highly-pure tri-calcium silicate and providing unique bioactive properties that improve treatment outcomes (high bioactivity, pH, biocompatibility & sealing ability)

» All-in-one powder and liquid cartridge for less mess and simplified preparation

» Two volumes of cartridges, XP200 and XP500, designed to reduce material waste. The smaller XP200 cartridge for pulp capping, small restorations, and endo indications. The larger XP500 cartridge for deep caries, bulk-filling, and quadrant restorations.

» A bendable tip for easy placement directly into the tooth with the use of the XP applicator gun.

» A compact mixer designed for perfect mixing at 6200rpm; provides an easy and consistent mix every time

Biodentine XP

VivaStyle Whitening Solutions

by Ivoclar Vivadent

All three professional whitening solutions provide the office with an opportunity to provide patients with multiple options of whitening that can easily fit into patients' needs and lifestyle.

The VivaStyle LED Whitening System

The VivaStyle LED Whitening System is our new professional whitening system made to whiten in as little as 15 minutes a day. Our 9% hydrogen peroxide VivaStyle Whitening Pens are used with the LED whitening light to give patients a simple way to whiten.

Brush on the whitening gel, turn on the LED light and place it in your mouth. After 15 minutes the LED light will turn off to tell patients when their done whitening.

- IP67 Waterproof LED whitening Light
- Rechargeable lithium-ion battery to reuse for whitening
- Magnetic charging for easy recharging
- Whitening brush pen to easily apply gel to patients teeth

584763 - VivaStyle LED Whitening System
System includes: 1 Shade Guide, 1 LED Whitening Light, 1 LED Whitening Light Charging Cord, 3 VivaStyle Whitening Pens

BOX
$116.21

584762 - VivaStyle Whitening Strips 6%
Includes: 28 strips/14 treatments, 1 shade guide

BOX
$38.74

VivaStyle Whitening Strips

VivaStyle Whitening Strips is the new professional whitening solution for those who want to get a brighter, whiter smile on-the-go, without need of any additional whitening devices. The 6% hydrogen peroxide strips come in a box that has 14 individual pouches. Each pouch contains an upper and lower strip that easily applies and stays onto the teeth to whiten patient's teeth.

VivaStyle Whitening Strips give you a whitening solution without the need of an additional device. Open the pouch, apply then strips on the upper and lower teeth, and then wait. After 30 minutes, you can remove the strips and see the results.

- VivaStyle Whitening Strips offer an on-the-go, convenient whitening solution. Box contains 14 pouches with two strips (upper and lower) in each pouch. Each pouch is easy to apply and disposible after one use.
- The strips do not require any additional devices to whiten. Simple application to whiten shades.

ivoclar vivadent

The VivaStyle Whitening Pens

The VivaStyle Whitening Pens distribute the whitening gel on the brush and make it easy for the patient to evenly coat each tooth with whitening gel. After the applying the gel, the patient places the VivaStyle LED whitening light in the mouth. The LED light is IP67 waterproof, features a magnetic charging lithium-ion battery, and has an automatic 15 minute shut off to inform patients when they are done whitening. The system offers patients a unique way to whiten without the need of a custom tray and provides them with a device they can continuously use to repeat whitening when their ready to improve or maintain their white smile.

VivaStyle Whitening pens offer customers a unique way to apply whitening gel. The innovative pen brush design allows the patients to twist the pen to cover the brush and evenly apply the 9% hydrogen peroxide gel by brushing the gel on each tooth.

One whitening pen is equivalent to five days of whitening. The pens when used with the VivaStyle LED whitening light make a system where you can whiten in as little as 15 minutes a day.

- Unique whitening gel pen brush delivery form
- Twist pen design that provides an even distribution of whitening gel when applying to teeth
- Small and compact packaging to allow for easier storage and traveling.

The combination of all three professional whitening solutions provides patients with the opportunity to work with their dental professional to determine which whitening solution fits their oral health and lifestyle.

584761 - VivaStyle Whitening Pens 9%
Includes: 2 VivaStyle gel filled whitening pens, 1 shade guide

AeroPro® Cordless Handpiece

by Premier

The new prophy standard your practice needs

AeroPro's light-weight, ergonomic cordless and pedal-less handpiece gives you the mobility you want, the choice of prophy angles you like, and the control you need to help reduce aerosol.

Generates less aerosol & less splatter vs other leading brands*
Fully CDC compliant, AeroPro's programmed speeds effectively polish teeth yet generate less volume of aerosol, less aerosol spread, and less splatter vs. other leading brands according to a recent UCI study.* Why risk over-spinning with a rheostat-driven handpiece?

Ergonomics Promote Hand & Wrist Health
Balanced, light-weight design and improved intraoral access via 360° angle rotation provide greater comfort to help reduce hand fatigue. Quick-touch button enables easy switching between speeds while the powerful motor maintains consistent speed—so no extra pressure required.

Long-Lasting Power, 3-Year Warranty!
AeroPro - 3 Year Unsurpassed Warranty, Includes Battery!AeroPro's ChargeSMART™ Battery Technology gives you long-lasting power to get through the workday. Plus AeroPro comes with a unsurpassed three year warranty—handpiece plus the battery–so your patients can enjoy a great polish every time

Contains: 1 Motor Component, 3 Autoclavable Outer Sheaths, 1 Charging Station, 1 500/bx Barriers, 1 Stand, Accessories

Young™ Hygiene Handpiece

by Young

Designed to fit the contours of the hygienist's hand, the Young™ Hygiene Handpiece delivers the superior comfort and control clinicians love. The Reverse Radius™ silhouette allows the handpiece to fit comfortably in the dental hygienist's hand, while the contra-angled hose connector reduces drag aggravation. The nosecone, which easily detaches for easier preparation and sterilization, features a 360-degree rotation and matte grip for maximum maneuverability

$861.07

Young™ Prophy Pal Handpiece

by Young

The Denticator® ProphyPal® Hygiene Handpiece continues to be viewed as a valued handpiece by hygienists due to its lightweight construction, whisper quiet operation, weight balance, reliability, and competitive pricing. You know you are buying a quality handpiece made in the USA because we back it up with a two year warranty guaranteed!

Young™ Prophy Pal Handpiece

3M Science. Applied to Life.™

3M™ RelyX™ Universal Resin Cement &
3M™ Scotchbond™ Universal Plus Adhesive

The two that can do it all.

3M™ RelyX™ Universal Resin Cement works both as a standalone, self-adhesive cement — and as an adhesive cement together with 3M™ Scotchbond™ Universal Plus Adhesive. The adhesive serves as an universal primer for all materials and covers all direct and indirect bonding indications.

Eliminate the hassle and confusion of multiple resin cements, primers and adhesives and simplify your direct and indirect restorative workflows. Less products to keep on stock and replenish. Saves space, time and money.

3M™ RelyX™ Universal Resin Cement

- Easy excess clean-up
- High esthetics with 4 fluorescent shades: TR, A1, A3O, WO
- Superior self-adhesive dentin bond strength

3M™ Scotchbond™ Universal Plus Adhesive

- First radiopaque all-in-one universal adhesive
- Further boosts bond strength in self-etch, selective-/total-etch technique
- Universal primer for all restorative materials

BPA derivative free formulations

3M | Filtek™
Supreme Ultra
Universal Restorative

A proven combination of versatility and esthetics.

3M™ Filtek™ Supreme Ultra Universal Restorative

Put history on your side with a versatile composite backed by years of clinical success. Dental Advisor conducted a 15-year clinical study to evaluate the performance of Filtek Supreme Ultra Universal Restorative[2] — and the results speak for themselves. Powered by our TRUE nanotechnology, award-winning Filtek Supreme Ultra Universal Restorative provides outstanding strength, unsurpassed esthetics and exceptional handling — for both anterior and posterior procedures.

15 YEARS clinical performance[1]

DESENSITIZER PROMO CODE: Q3RIVASTAR

THE NEXT GENERATION
SDF SYSTEM

Riva Star Aqua is a non-invasive 2 step patented system used to desensitize tooth pain. This next generation water based solution is not only antimicrobial, it is also a bio film eliminator and a powerful desensitizer.

Compared to **Riva Star SDF**, **Riva Star Aqua** is water-based (not ammonia-based). This reduces tissue irritation, eliminates odors and poor taste, while improving storage stability.

RIVA STAR
RIVA STAR AQUA

BIOFILM & SENSITIVITY ELIMINATOR

- Esthetically pleasing for the patient - reduced staining
- Immediate and long lasting dentinal hypersensitivity relief
- Non-invasive - suitable for MID
- Patented Technology
- Can increase the bond stength of GIC's

BUY 1 RIVA STAR OR RIVA STAR AQUA BOTTLE KIT
AND GET A SUPER ETCH FREE

[8100052] - Super Etch 12g syringe
1 x 9.6mL (12g) syringe
25 single use disposable tips

SUPER ETCH

37% PHOSPHORIC ACID ETCH GEL

- Stays where placed
- Does not run onto soft tissue
- Washes away easily with water
- Easily controlled gel which flows under direction, not gravity
- Blue tint for easy placement visibility

Unmatched strength, unrivaled cutting and reduced breakage makes SS White® the #1 choice of dentists worldwide.

Effective July 1, 2022 - September 31, 2022

BUY 4 GET 1 AT NO CHARGE**

**CAN MIX AND MATCH TO EQUAL OR LESSER VALUE • NO CHARGE PRODUCT TO EQUAL OR LESSER VALUE
CHOOSE FROM: BONE CUTTERS, ZEKRYA, T10 AND THE NEW TRIMMING & FINISHING BURS (7283, 48L-010 AND 48L-012)

BC BONE CUTTERS

SS White® Dental Bone Cutters are Strong and Stand Up to the Rigors of Dental Surgery!

SWHITE Dental®

Better Patient Outcomes
Improved Efficiency
Faster Practice Growth

- Exceed ISO specifications for neck strength by over 90% reducing the occurrence of breakage*
- Designed for precise trimming and preparation of hard tissue, bone structure, bone lid and apicoectomy procedures
- Sectioning impacted third molars prior to extraction, separating roots, removal of fractured root stump and external sinus lift procedures
- Ultra-smooth vibration free cutting
- The crosscut shape and external flute depth ensures efficient cutting and expels waste material

FG 5 PACK	161-016 17735	162-016 17736	162A-016 17737	267-016 17738	269-016 17739	RA 5 PACK	161-016 17740	HP 5 PACK	161-016 17741	162A-016 17742

ZB ZEKRYA BURS

151-Z and 151L-Z (Zekrya) Bur provides exceptionally smooth cutting and greater efficiency for surgical procedures.

Zekrya Bur features a 6 helical bladed cutting edge design and solid carbide construction which delivers exceptional concentricity and reduced vibrations. SS White Zekrya Burs provide superior cutting performance for oral surgery procedures including sectioning wisdom teeth, separating roots and removing broken root stump. Zekrya Burs can also be used endodontically to reduce cusps on molars to create easy endodontic access.

	151	151L
FG 5 PACK	21951	21952

T10 METAL & CROWN CUTTING BURS

T-10 Metal Cutting Burs for crown removal.

With an improved design of the TriHawk Talon 10 Bur, the SS White T-10 burs offer greater cutting efficiency and increased durability. The T-10 Bur can cut vertically as well as horizontally, making it ideal for use in procedures where access is limited. Use the T-10 for metal cutting, cavity prep, crown removal as well as creating endodontic access.

	T10
FG 10 PACK	14392
FG 100 PACK	13643

TF TRIMMING & FINISHING BURS

12-Blade Finishing Burs

SS White 12 Blade trimming/finishing bur with premium quality solid tungsten provide faster and smoother cutting. Twelve bladed finishing burs provide a smooth finish on composite, amalgam, enamel and dentin. The flame shape of the 48L and 283 make these burs ideal bur for use in orthodontic debonding procedures. Carbide finishing burs create a smoother surface finish on most dental materials when compared to diamond instruments.

smilesaver® by SOLURIA®

Are your patients getting **ahead of your practice** in healthy appliance care?

It's time to catch up.

Thousands of dental patients already use Smilesaver® spray to cleanse and freshen their oral devices anytime, anywhere—with no sugar, no alcohol, and no soaking or rinsing.

If your practice isn't already introducing Smilesaver® to your patients, here's your chance to help provide relief from bad tastes and odors caused by bacterial growth on removable appliances.

By helping to make device usage a more pleasant experience, great-tasting Smilesaver® supports your goal of patients wearing devices consistently…for optimal treatment outcomes.

With Smilesaver® your patients are always just 60 seconds away from a fresh feeling… and a cleaner appliance.

Order a Professional Starter Kit Today

$395 **#584396**

NSK
Create it

POWERFUL. PRECISE. BALANCED.

NSK's Award-winning Handpieces & Micromotor System were designed to inspire the work of the clinician, prioritizing contamination reduction.

DualDefense

All couplers and micromotors have integrated **ANTI-RETRACTION SYSTEMS** that reduce cross-contamination of water lines.

All NSK handpieces are equipped with a **CLEAN HEAD SYSTEM** that reduces suck-back.

GOETZE dental

ABOUT US

Goetze Dental is a family-owned business serving private dental practices just like yours since 1884.

We work to understand your goals and dreams and strive to provide the best dental supplies, equipment, technology and service.

We believe the best patient care is delivered in the private practice.

100% of our energy and resources will continuously center on the products and services we offer to the privately held dental practice through integrity, education, innovation and customer service.

We stand united with the artists, the scientists and the explorers of the dental community, whose interest in providing exceptional patient care never fades.

Notice about PPE and Infection Control Supply Availability and Purchases

As we work through the changes brought on by the pandemic, we are committed to doing what's best for you and your team, and the entire community of privately-owned dental practices we serve, as well as for our employees.

We continue to work closely with our manufacturing partners to provide accurate and current information.

Due to the continued global demand for PPE and other infection control supplies, orders for these supplies will not be guaranteed for delivery and are subject to backorder status, allocation of amounts and/or cancellation. Orders placed cannot be canceled or returned.

Please reach out to your private practice specialist or call customer service at 800.692.0804 with questions.
