12 O'CLOCK DELIVERY SYSTEM

The DCI Edge 12 o'clock Delivery System provides a sturdy, efficient platform for the dental team to operate.

Flexible arms and individually adjusted instrument holders empower each team member to work from their optimal position.

HEAVY DUTY ARM WITH WORK SURFACE
High quality construction with reliable pneumatic components will stand the test of time.

INTEGRATED CONTROLS
Positions handpiece controls at your fingertips. Also provides ample room for integrated accessories.

INTEGRATED TOUCHPAD
Provides ergonomic access to easily control your equipment, eliminating unnecessary movement.

ASSISTANT'S WORK SURFACE AND INSTRUMENTATION
Provides a sturdy and efficient work surface for the Dental Assistant. Integrated quick disconnect and electrical outlets make adding mobile accessories a breeze.

- The DCI Edge Side Delivery tucks cleanly out of the way
- Available in cabinet or wall mount
- Water bottle system included

DCI Edge Series 5 cabinets are the perfect mix of form, function and affordability. The unique Infinity Edge Countertops, 1mm edgebanding along with soft-close doors and drawers make this line unparalleled.

Top grade materials including powder coated structural steel sub-base and high pressure laminate guarantee these cabinets will stand the test of time. Unique features such as end-access drawers and 45 degree end storage provide the ultimate support for the dental team.

SERIES 5 CENTER ISLAND

The DCI Edge Center Island allows you to maximize valuable square footage by fitting more treatment rooms in your office.

Pass-through storage in the upper includes 120V outlets & USB to easily power accessories without disturbing patients. High quality construction and careful design details ensure DCI Edge cabinets are built to last.

SERIES 5 CENTER ISLAND FEATURES

- Powder Coated Structural Steel Sub-base
- Soft-Close Doors and Drawers
- Structural X-ray Panel

- Infinity Edge Countertop Design
- Under Counter Mounted Sink
- Stainless Steel Backsplash

SERIES 5 DENTAL CHAIRS

The Series 5 Dental Chair was designed to provide you and your team with comfortable, ergonomic access to the oral cavity.

Your patients can relax comfortably, enhancing their experience at your practice.

HEADREST SCOOP
Headrest and back design support patients of all statures.

THIN/NARROW BACK
Thin, narrow back design provides comfortable, ergonomic access to the oral cavity.

HEAVY-DUTY CONSTRUCTION
High quality steel and aluminum castings stand the test of time.

NO-TOUCH SENSORS
Control the light without contact using programmable no-touch sensors.

NO-CURE SETTING
Filters out UV light to prolong the working time of photo-initiated resins.

3RD AXIS ROTATION
Improve lighting in all quadrants of the oral cavity.

SERIES 5 OPERATORY LIGHT

DCI's Series 5 Operator Light was engineered utilizing breakthrough LED technology to deliver next level lighting performance.

The new design blends innovation with beauty on every level, redefining what you should expect from an operator light.

Started 35 years ago, DCI was founded on three guiding principles: making our customers' lives easier, providing dental care for those in need, and enhancing the lives of our employees.

These principles give us our edge.

It's an edge we want to pass along to you.

DCI is a family owned company for two generations which is based in Newberg, Oregon, the heart of dental equipment manufacturing in America. Over the years, John and Jason Spencer redefined the dental landscape by designing dental equipment that challenged the status quo. Today, the family brings their design expertise and commitment to value and service to the forefront with the DCI Edge Cabinetry.

Jason, Amy and John Spencer
