OSHA & HIPAA Made Easy with Dr. Karson Carpenter

OSHA & Infection Control Made Easy for Dentistry

OSHA requires an annual retraining session for all employees. This course will help fulfill these requirements and will update participants on the latest from OSHA, including the Globally Harmonized System (GHS) for Hazard Communication and the Bloodborne Disease Pathogens Standard. In addition, the course will cover the Centers for Disease Control and Prevention Infection Control Guidelines for Dentistry and will review best practices for infection control during the COVID-19 pandemic period.

**Included in the course: Electronic workbooks for OSHA, HIPAA and Infection Control as well as a detailed Compliance Audit APP for offices to determine their levels of compliance.*

HIPAA Compliance Made Easy for Dentistry

This course is for all members of the dental team and is designed to educate participants on the requirements for HIPAA compliance in their facilities.

**Included in the course: Electronic workbooks for OSHA, HIPAA and Infection Control as well as a detailed Compliance Audit APP for offices to determine their levels of compliance.*

Karson Carpenter, DDS

Karson Carpenter is a practicing dentist who serves as President of Compliance Training Partners. He is an OSHA approved trainer who has for over 25 years designed educational programs to bring dental, medical and veterinary facilities into compliance with the governmental regulations that affect them in the areas of OSHA, HIPAA and infection control. His experience includes guiding numerous clients across the United States through OSHA and HIPAA inspections as well as the critical post-inspection process.

OSHA & Infection Control Made Easy for Dentistry

Course Objectives

Other topics covered include Subparts of the OSH Act that apply to dentistry including:

- Means of egress
- Ionizing radiation
- Electrical safety
- Fire safety and first aid
