

# SPIRIT 3300 CHAIR — LIMITED TIME PROMOTION

## Experience and Innovation at its best.

Spirit 3300's narrow backrest, coupled with the ability for the chair to go lower to the ground, allows for excellent visual and physical access to the oral cavity for practitioners of any stature, in a comfortable ergonomic position. A new base design makes it easy for patients to enter and exit, and provides enhanced stool access alongside the chair. Dual touchpads with one-touch programming simplify chair operation, minimizing unnecessary movement for you and your team

All backed by a 5-year warranty.

LOWER MINIMUM HEIGHT & NARROW CHAIR BACK DESIGN

IMPROVED EASE OF OPERATION
