

Planmeca FIT[®] Complete CAD/CAM Solution

SUPERIOR QUALITY AND EXCEPTIONAL SUPPORT

Advanced CAD/CAM technology allows dentists to provide optimal dental care for their patients. Not only does same-day dentistry and chairside milling provide convenience, but it also offers patients high-quality restorations with structural integrity and longevity. Incorporating CAD/CAM dentistry also makes sense for the financial health of your business, ensuring your patients can continue to receive optimal care from their trusted provider.

Planmeca products included in the FIT system
